Re: Docket 19-0377 – Proposed Dereg of EV Charging Stations - Comments and Rebuttal

Counsel and Parties,

Each of you has recommended (albeit in different forms) a general deregulation of EV Charging Stations and Providers in Delaware. In your rebuttal comments, I would request that each of you comment as to how your respective recommendations would/should affect, going forward, any Delaware public utility (such as Delmarva Power & Light Company) that provides, in Delaware, EV Charging Stations for public use, recognizing the settlement agreement in PSC Docket 17-1094 as approved in PSC Order No. 9357.

Respectfully,

/s/ Glenn C. Kenton
